Prepare an organization recommendation

Gather the public details and sources AFP needs without mixing them with private contact information.

PREPARE YOUR RECOMMENDATION

- [ ] Search AFP first to see whether the group is already listed.
- [ ] Decide whether you represent the group or are recommending it independently.
- [ ] Gather the group's public name and official website.
- [ ] Add a short factual introduction, if you know it.
- [ ] Identify the states served without assuming there is an office in every state.
- [ ] Keep official sources for locations and events.
- [ ] Use official participation, event and social links.
- [ ] Provide only authorized logo material, if available.
- [ ] Keep private contact details in the form's private contact section.
- [ ] Submit through AFP's organization form and keep the receipt.
